### EXPERIENCE

## Product Design Manager

*Esri* | REDLANDS, CA

**September 2013–Present**

I lead product design for the world's premier geo-spatial software company. Since I started at Esri, my responsibilities have grown from UX design on mobile, to UX lead, and now to UX/UI Manager for design leaders working on products across mobile, web and desktop native, and more. In addition to this, I oversee leads growing our Design System, Design Ops, User Research, and Accessibility practices.

## Senior Web Designer

*CBS* | LOS ANGELES, CA

**April 2013–September 2013 (6-month contract)**

During my time at CBS, I crafted the initial designs for the CBS e-commerce experience and *CBS All-Access*, the network's new streaming service

## User Interface Designer

*Fandango* | LOS ANGELES, CA

**August 2010–March 2013**

At Fandango I worked as the lead mobile designer for Fandango on Android, the lead mobile designer for Regal Entertainment App (iOS/Android), and the lead designer for Movies.com and Fandango.com.

### EDUCATION

## B.A., Graphic Design

*Azusa Pacific University* | AZUSA, CA

**December 2009**
